

# Machine Learning

## Problem Identification Assignments

A)How to achieve through AI:-

Solution can be achieved through prediction

B) 3 stages of problem identification:-

Stage 1 – Machine Learning

Stage 2 – Supervised Learning

Stage 3 – Classification

C)Project name:-

Employees resigning prediction

D)Dummy Dataset:-

Employee Name	Employee ID	Output
Ashok	11001	Resigned
Raveendar	19303	Not Resigned
Priya	31098	Resigned
